

POWERLONG USA

2005 Honda Challenge Contingency Program

POWERLONG USA is proud to sponsor NASA's Northern and Southern California Honda Challenge series.

- 1) PowerLong USA will award one (1) PowerLong oil filter to the winner of each class (H1, H2, H3, H4, H5) in each Honda Challenge race.
 - a) Northern California races must have a minimum of three (3) qualified entrants per class to qualify for filter prize. (We are aware that Northern California has fewer participants in the Honda Challenge series than other regions.)
 - b) Southern California races must have a minimum of five (5) qualified entrants per class to qualify for filter prize.
 - c) Each entrant must have two (2) PowerLong decals displayed on the vehicle to qualify for filter prize.
 - d) If PowerLong USA does not stock a filter for the winning vehicle, we will offer the winner an alternate sized filter for a different vehicle.

- 2) Award Redemption
 - a) Competitor must obtain the signature of a NASA official who has verified the required decal placement and submit the Rebate Award application directly to Powerlong. Application form can be obtained on-line at PowerLong USA's website (www.powerlongusa.com) or directly from NASA and/or SpeedyMotorsports.
 - b) Awards will strictly be based on official race results supplied by NASA. Awards cannot be claimed until NASA has released official race results.
 - c) PowerLong Rebate certificates can only be redeemed via mail or fax to PowerLong USA or given directly at races to Gordon Pun of Team PowerLong/SpeedyMotorsports (NorCal NASA member).
 - d) Powerlong Rebate certificates must be redeemed within 90 days from when official results are posted for that event.
